Montgomery Gentry, Lonesome

(Kenny Beard, Frank Rogers, Casey Beathard)

One coffee cup, one toothbrush, one set of keys, one car out in the drive One half of the closet empty, one half of the bed cold at night One of us just up and disappeared And that only leaves one of us round here

Lonesome
Can drive a man insane
Lonesome
It the sad part of the game
Win some, lose some
Lonesome

One man and one woman, one too many cold and bitter fights One high powered lawyer later one piece of paper they want me to sign The hand she used to hold picks up the pen And all at once reality sets in

Lonesome
Can drive a man insane
Lonesome
It the sad part of the game
Win some, lose some
Lonesome
