

# Montgomery Gentry, Roll With Me

Wake up in the morniing  
Get to living my life  
Making sure im all that i can be  
went to church on sunday  
there was a moment that came  
i swear it was like the lord spoke right to me

Chorus  
So now Im slowing it down  
and im looking around  
and im loving this town  
and im doing alright  
aint worried about nothing  
except for the man i wanna be  
im thinking maybe its time  
to be living the rhyme  
when im singing a song  
about nothing but right  
and it sure would be nice  
for you to roll with me

Saw a kid last winter  
only 20 years old  
being laid to rest  
while his mom stood by his side  
it sure was hard to watch those tears run down her face  
made me think how we all just have our time

Repeat Chorus

Who knows whats up ahead  
I think id rather not know insted

Reapeat Chorus

maybe its time  
to be living the rhyme  
when im singing a song  
about nothing but right  
and it sure would be nice  
for you to roll with me

if you would roll with me (x2)
