Start, with the sun And move on out The future's in the skies above The heavens unfold And a new star is born Space and time makin' love

Chorus: Oh what a time we had Living on the ground I've moved to station #5 See you next time around, Next time aournd

As far you want, as close as you need It's all in the mind, you know This old world hasn't really seen it's day It's here, time to go

Chorus

Remember when it was so clear We were young, but the memory still remains To pick fruit from a tree Fish from the seas Now nothing's left here, but the stains Well I can't cry no more Can only be glad There's other places we can be If the time suits you right I'm leaving tonight Come fly away With me! Yeah, Yeah, Yeah, Yeah, Yeah Oh, yeah

Start, with the sun And move on out The future's in the skies above The heavens unfold A new star is born Space and time makin' love

Chorus

A good tune for the headphones! -TRH
