

Monty's Fan Club, Punk Rock Girl

1, 2, 1, 2, 1, 2, 3, go!

Yeah, well, I tried so many times
You know I've done it all before
Just to show what's inside
It's really no use at all
I would always tell myself
Try harder everyday
But when I get around those girls
I'm not just sure what to say

She's my punk rock girl
I guess that's just the way
I have no one now
That's why I need her today
She's my punk rock girl
The other stupid girls won't do
You're all I want right now
And I've tried before, but now I'm through

I tried so many times
You know I've done it all before
Just to show what's inside
It's really no use at all
I would always tell myself
Try harder everyday
But yeah, when I get around those girls
I'm not just sure what to say

She's my punk rock girl
I guess that's just the way
I have no one now
That's why I need her today
She's my punk rock girl
The other stupid girls won't do
You're all I want right now
I've tried before but now I'm through

Well, I don't want no slut, no whore
I don't even want to score
Popular stupid getting worse
She fools around with other jerks
I need someone to be with me
A punk rock girl to make me see
She's the one, she'll always say
That everything will be okay
Well I don't want no slut, no whore
I don't even want to score
Popular stupid getting worse
She fools around with other jerks
I need someone to be with me
A punk rock girl to make me see
(Woahhhhh...)
She's the one, she'll always say
That everything will be okay

She's my punk rock girl
I guess that's just the way
I have no one now
That's why I need her today
She's my punk rock girl
The other stupid girls won't do
You're all I want right now
And I've tried before but now I'm...

(Woahhhhh...)
She's my punk rock girl
I guess that's just the way

And I have no one now

She's my punk rock girl
