

# Moonlight Awakening, Apart From Me

I'm torn between left and right  
cast beneath the beauty of this shimmering sight  
I know it's a priceless touch  
to fade into obscurity I can't get enough  
This feels like I've never felt  
and I fear of going over back inside myself  
Right now I want to fall in your arms  
forget all my concerns for you have opened my heart

when I feel apart from you  
and you're such a part of me  
I know you can't believe  
that I feel apart from me

I'm torn between left and right  
with memories between us in the candlelight  
I know that it would break me apart  
if you would walk away and we could only depart  
This feels like I've never felt  
and I couldn't go back over, back inside myself  
And now that I have seen this far  
I fear of letting go for you have opened my heart

when I feel apart from you  
and you're such a part of me  
I thought I'd never say  
that I feel apart from me  
without you...
