

# Mooski, Soul Bleed

Shawty broke my heart and made my soul bleed,  
If you know me, you know imma play it lowkey  
I forced myself to hit the party on them hoes see  
I hit that henn then I get in my feelings OD  
Ohhh meeee I feel depression creeping on me  
Shawty tried to tell me she was for me  
4 door Toyo, we at least 4 deep,  
Tell me how a nigga still feel lonely  
Tell me how a nigga feel so lonely

I confess, stress wearing me out like clothing  
But I come to, and play off you like Imma low seed  
I should've known not to cuff you, I ain't the police  
Ohh these, soul ties, I don't want no strings  
Oh me, more lies, like I don't know things  
No means, no ring, she doing hoe things  
No sleep, no zzzs, I'm having no dreams

(I told you what it was)  
I told you me and my pain come as a bundle  
(Too much damage done)  
You hurt me the same as those before ya

Oh love really did me one  
Big heart I'm my father's son  
One go and another come  
I can't take on another one

Shawty broke my heart and made my soul bleed,  
If you know me, you know imma play it lowkey  
I forced myself to hit the party on them hoes see  
I hit that henn then I get in my feelings OD  
Ohhh meeee I feel depression creeping on me  
Shawty tried to tell me she was for me  
4 door Toyo, we at least 4 deep,  
Tell me how a nigga still feel lonely

Somebody call 911  
My heart on my sleeve it got me bleeding down my arm  
Missed out on the bro's pulling the hoes because I'm 4 us  
If I had one wish I wish you left me where I was  
I was, Chilling with my niggas  
They tried to warn me bout you but I didn't listen  
Don't need a virus to tell me to keep my distance  
Just because I missed your calls don't mean I miss ya

I just doubled up just double cupped my liquor  
I won't apologize for being a real nigga  
It's 50/50 but I kept it a buck with ya  
And you can't find another me and that stuck with ya

Oh love really did me one  
Big heart I'm my father's son  
One go and another come  
I can't take on another one

If my mama could talk she would've told me  
She ain't for me, boy you fallin for the wrong things  
And it's a plus having that trust around the whole thing  
She'll say it's lust, boy you don't really know love means  
Love means stay down through good and ugly  
But shawty tried to tell me she was for me  
4 hoes and my bro's that henny love me  
Temporary stitches on my soul bleed
