

# Morandi, Get High

I look at the window  
I start a new day  
No one knows how far we've gone  
Time's running crazy in it's own way  
And so many places in faces i've met  
A special something with every step  
This kind of feelings are harder to get  
I'm gonna get high  
Gonna feel right,  
Tonight  
I wanna stay by  
Wanna know why,  
Tonight  
Somtimes i feel  
I live in my dreams  
It seams to dissapear  
But it's so real  
Got myself awaken  
And trying to get my secrets high  
Tryin' to feel my life  
Falling down my spine  
I'm gonna get high  
Gonna feel right,  
Tonight  
I wanna stay by  
Wanna know why,  
Tonight [x2]  
It seams to dissapear  
But it's so real  
Got myself awaken  
And trying to get my secrets high  
Tryin' to feel my life  
Falling down my spine  
Uuh...but it's crazy thought  
[...it's own way...]  
I'm gonna get high  
Gonna feel right,  
Tonight  
I wanna stay by  
Wanna know why,  
Tonght [x2]
