

# Morcheeba, Be Yourself

Too much of a good thing  
Has really burnt me out  
I'm sick of satisfaction  
And living in a drought

Just be yourself  
Anyway that you want to  
Just be yourself  
Anyway that you can  
Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can

The center of attention  
Is living on the edge  
The thirty of second floor  
I'm standing on a ledge

Got to get this straight  
Cos we're running too late

Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can  
Just be yourself  
Anyway that you want to baby  
Just be yourself  
Anyway that you can

Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can  
Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can  
Just be yourself  
Anyway that you want to  
Just be yourself  
Anyway that you can  
Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can  
Just be yourself  
Anyway, baby  
Just be yourself  
Anyway that you can
