

Morcheeba, Can't Stand It

I never thought this would happen
that u would let me down
taking all this for granted
i wanna shout aloud
don't let it go
i want u to know

i can't stand it when u look that way
i don't like it when u walk away
i can't stand it how we look to say u belong to me

we're running round in circles
u're gonna lose it all
what we had was so good
u must think im a fool

don't let it go
i want u to know
how can i take anymore?

i can't stand it when u look that way
i don't like it when u walk away
i can't stand it how we look to say u belong to me

if i knew then what i know now
u know that i would be around
how can i take anymore?

i can't stand it when u look that way
i don't like it when u walk away
i can't stand it how we look to say u belong to me
