

# Morcheeba, Gimme Your Love

Close the door  
Turn the light off  
Switch your mind off  
Make it right for me  
Pull the blind down  
Try to wind down;  
Take the liberty  
And then you?ll see  
Our love?s here to lost  
Make it right for me  
And then you?ll see  
Our love?s here to lost  
Were gonna feel alive  
Come and give me your love  
Gimme your love  
Were gonna feel alive  
Come and give me your love  
Gimme your love  
Were gonna feel alive  
Come and give me your love  
Gimme your love  
Were gonna feel alive  
Come and give me your love;

Come back for more  
Take your time now  
Or do it right now  
Make this night for me  
And if we like it  
We won?t fight it  
Take the liberty  
And then you?ll see  
Our love?s here to lost  
Make it right for me  
And then you?ll see  
Our love?s here to lost  
Were gonna feel alive  
Come and give me your love  
Gimme your love  
Were gonna feel alive  
Come and give me your love  
Gimme your love  
Were gonna feel alive  
Come and give me your love  
Gimme your love  
Were gonna feel alive  
Come and give me your love
