

Morgan Wallen, Good Girl Gone Missin

Bar lights
Bar stool
Too many
One fool
Long neck
Long hair
Last call, we the first ones outta there
Coulda been the right one
But it went wrong, wrong, wrong
And I bet I know just what to blame it on

Good whiskey, bad decisions
Heartaches from some hard livin'
'Bout as good as I'll be gettin'
Don't know why it always goes like
She's fallin'
I'm quittin'
Knew better
Didn't listen
New story
Same endin'
Good girl, gone missin'

Wake up
Hungover
Cold call
Cold shoulder
Too late
Too little
And I'm somewhere stuck in the middle
Of a goodnight and a goodbye
And she's gone and there ain't no wonderin' why
'Cause of me and my

Good whiskey, bad decisions
Heartaches from some hard livin'
'Bout as good as I'll be gettin'
Don't know why it always goes like
She's fallin'
I'm quittin'
Knew better
Didn't listen
New story
Same endin'
Good girl, gone missin'

I'm gettin' stoned all alone in the country 'cause my baby's gone
And I'll never know if she loved me 'cause I don't know how to hold on
'Cause of

Good whiskey, bad decisions
Heartaches from some hard livin'
'Bout as good as I'll be gettin'
Don't know why it always goes like
She's fallin'
I'm quittin'
Knew better
Didn't listen
New story
Same endin'
Good girl, gone missin'

Good girl, gone missin'
Good girl, gone missin'
