

Morgan Wallen, Neon Star (Country Boy Lullaby)

Yeah, I'm down bad
She slammed that door and she broke my heart
That girl sure got out of town fast
She bounced
So I bounced in here tryna bounce back

Ooh, I know I probably oughta throw a couple prayers up
To the man upstairs
Ooh, instead of watchin' this bottle that was filled up
Just disappear

Sittin' here wishin' on a neon star
Up there hangin' from behind the bar
Hopin' there's a u-turn in your car
Don't know why I do 'cause it never comes true
Hey baby, what's it gonna take
For my head to unhurt and my heart to unbreak?
Ridin' on the lightning in this jar
Sittin' here wishin' on a neon star

Girl, it happens every damn time
You pour it on strong and before too long
This old number 7's on round nine
A lot of dive bar down time

Yeah
And ooh, I know I probably oughta throw a couple prayers up
To the man upstairs
Ooh, instead of lettin' this heart stay beat down
Pullin' up this chair

Sittin' here wishin' on a neon star
Up there hangin' from behind the bar
Hopin' there's a u-turn in your car
Don't know why I do 'cause it never comes true
Hey baby, what's it gonna take
For my head to unhurt and my heart to unbreak?
Ridin' on the lightning in this jar
Sittin' here wishin' on a neon star

You ain't the only one up so high
Make a little room 'cause so am I
I need a little help gettin' sleep tonight
So I'm singin' me a country boy lullaby, like

Sittin' here wishin' on a neon star
Up there hangin' from behind the bar
Hopin' there's a u-turn in your car
Don't know why I do 'cause it never comes true
Hey baby, what's it gonna take
For my head to unhurt and my heart to unbreak?
Ridin' on the lightning in this jar
Sittin' here wishin' on a neon

Sittin' here wishin' on a neon star
Up there hangin' from behind the bar
Hopin' there's a u-turn in your car
Don't know why I do 'cause it never comes true
Hey baby what's it gonna take
For my head to unhurt and my heart to unbreak?
Ridin' on the lightning in this jar
Sittin' here wishin' on a neon star

Neon star

Sittin' here wishin' on a neon star
Sittin' here wishin' on a neon star
