

Morgan Wallen, Silverado For Sale

Never thought I'd be calling you up today
Taking out an ad for this Chevrolet
But there's a ring in the window just down the street
I wanna marry her, she wants to marry me

Money's kinda tight, but love don't care
Me and this truck been everywhere
Just need a little spot on the back page
Here's what I want it to say

This truck will get the prettiest girl in town
Sittin' right beside you when you're ridin' around
It's got a pretty good radio
If you wanna get her dancin' down an old dirt road
Spent a lot of Friday nights up under the stars
Get you where you need to go and it'll go too far
God knows all the stories it can tell
I got a Silverado for sale

Don't you think there's a wild-eyed teenage kid
Workin' hard all summer just like I did
Saved up a couple thousand bucks
And got a girl that he's dyin' to go pick up

She'll steal his heart on that old bench seat
He'll wanna lay the world right there at her feet
I can see him smiling ear to ear
When he reads these words right here

This truck'll get the prettiest girl in town
Sittin' right beside you when you're ridin' around
It's got a pretty good radio
If you wanna get her dancin' down an old dirt road
Spent a lot of Friday nights up under the stars
Get you where you need to go and it'll go too far
God knows all the stories it can tell
I got a Silverado for sale

Hello? Yeah, I'm the guy
I've got 'er all cleaned up
Just come on by

This truck will get the prettiest girl in town
Sittin' right beside you when you're ridin' around
