

# Morgan Wallen, Somethin' Country

I rolled in bumpin' 10s into Broadway  
Dirty boots been a working like a dog day  
Boot scootin' to the juke for some Conway  
Or anything to get my Honky Tonk on  
You walked in, cutoffs looking real skimpy  
The hottest thing my side of the Mississippi  
And I could spin you 'round and 'round till I get you dizzy  
But you look like you got hillbilly in your bones

So let's ditch this hole in the wall  
Mix some sticks with a fifth of homemade alcohol  
Disappear somewhere with a lower population  
I ain't saying that you wanna  
But if it's any consolation  
I got a redneck, yes I do  
I got a redneck, how 'bout you  
I got a 4x4 with a toolbox  
Just to keep them ole mountains blue  
You got a drank you're barely sipping  
I got a tank full of paycheck money  
I'm good friends with Mason Dixon  
Girl, whatcha say we do somethin' country

I'll close the tab quick  
We can go get half lit  
Hit the river, skinny dip, or catch a catfish  
Yeah, I'll take you to the holler  
I ain't talking 'bout a hollow  
Put some red on the tread  
Hell, I'll wash it off tomorrow

Let's ditch this hole in the wall  
Mix some sticks with a fifth of homemade alcohol  
Disappear somewhere with a lower population  
I ain't saying that you wanna  
But if it's any consolation  
I got a redneck, yes I do  
I got a redneck, how 'bout you  
I got a 4x4 with a toolbox  
Just to keep them ole mountains blue  
You got a drank you're barely sipping  
I got a tank full of paycheck money  
I'm good friends with Mason Dixon  
Girl, whatcha say we do somethin' country

Whatcha say, whatcha say  
We can take a little stroll, maybe roll in some hay  
What's it gon' be, what's it gon' be  
Shorty, if you wanna get your Back Forty on with me

Then let's ditch this hole in the wall  
Mix some sticks with a fifth of homemade alcohol  
Disappear somewhere with a lower population  
I ain't saying that you wanna  
But if it's any consolation  
I got a redneck, yes I do
