

# Morgan Wallen, Warning

That neon sign  
Hangin' outside that bar  
Should've said, "Go home  
If you know what's good for your heart"

When she sat down  
In that ADPi T-shirt  
Should've said, "Watch out  
And boy, you're gonna wind up hurt"  
And that label on that whiskey on that shelf  
Should've said, "Don't buy no shots for no one else"

Should've come with a warnin' (Ooh)  
Don't sit right there, don't sip on what they're pouring (You)  
Her kiss is gonna kill you in the morning  
Nah, it ain't gonna end too good  
Everything about that night I thought I wanted  
Should've come with a warning (Ooh)  
Should've come with a warning

Phone just lit up  
And it's damn near 2am  
Oughta be blue lights, or some kind of loud sirens  
Sayin' don't pick it up, she'll let you down  
It's the deep end and you're gonna drown  
And this, "You up?" text, that she sent me right now

Should've come with a warnin' (Ooh)  
Don't sit right there don't sip on what they're pouring (You)  
Her kiss is gonna kill you in the morning  
Nah, it ain't gonna end too good  
Everything about that night I thought I wanted  
Should've come with a warning (Ooh)  
Should've come with a warning

Don't fire it up, and hit the headlights  
Turn on around at the next red light  
I wish somebody would've gave me some damn signs  
Yeah, I wish that night  
Would've come with a warning (Ooh)  
Would've come with a warning  
Would've come with a warning (Ooh)  
Would've come with a warning
