

Morgan Wallen, Whiskey Friends

Yeah, I'm always down for two beers
That ain't nothing new here
It's usually what I do here, but not tonight
Yeah, we had a bad one
Way worse than the last one
Ain't no comin' back from this goodbye

Looks like I did it again
Me and my stupid mouth
I dug myself into a hole in the wall
And I gotta drink my way out

Bartender, pour me up again
I just took a hook on my heartbreak chin
We gon' be in here all night
She ain't the only thing I'm puttin' on ice, yeah, I need a
Corner with the lights turned down
I can't take a good-time, cold-beer crowd
It's just me, Jack, and Jim
Won't you play a little Whitley for me and my whiskey friends?
Me and my whiskey friends

We just need a slow song
Tryin' to let her go song
Throw a little Jones on
Leave us alone till she's long gone
Got a lot of over her work left to do
That we need to get into

So bartender, pour me up again
I just took a hook on my heartbreak chin
We gon' be in here all night
She ain't the only thing I'm puttin' on ice, yeah, I need a
Corner with the lights turned down
I can't take a good-time, cold-beer crowd
It's just me, Jack, and Jim
Won't you play a little Whitley for me and my whiskey friends?
Me and my whiskey friends
Me and my whiskey friends

Looks like I did it again
Me and my stupid mouth
Dug myself into a hole in the wall
Now I gotta drink my way out

Bartender, pour me up again
I just took a hook on my heartbreak chin
We gon' be in here all night
She ain't the only thing I'm puttin' on ice, yeah, I need a
Corner with the lights turned down
I can't take a good-time, cold-beer crowd
It's just me, Jack, and Jim
Won't you play a little Whitley for me and my whiskey friends?
Me and my whiskey friends
Me and my whiskey friends
Play a little Whitley for me and my whiskey
For me and my whiskey friends
