

Morgana, A Sign

La di da di da da
Baby gimme a sign
La di da di da da
Only you by my side
La di da di da da
I don't wanna be cruel
Don't gamble with my heart
So you'll never get fooled

Do you know how hard I try to say it's over
But your eyes are telling me to carry on
Day by day my time is short, we're running faster
I've been waiting for you so long

La di da di da da
La di da di da da

Could you know that I can have another lover
But your jealous heart is beating on and on
In the night you feel so lonely, won't forgive you
I've been waiting for you so long
