

Morning Teleportation, Salivating for Symbiosis

you've got the right
to free your own
and I'll trust you well
coasue you feel so useless
and don't care

..
come on
... just Salivating for Symbiosis
another daydream of hypnosis

don't wanna to drink myself to death
I wanna to tell you I love you best

come on
... just Salivating for Symbiosis
another daydream of hypnosis
