(Sandman)

I feel lucky I just feel that way

I'm on a bus to Atlantic City later on today

Now I'm sitting at a blackjack table and I swear to God my dealer has a = tag

says Mabel

Hit me hit me I smile at Mabel soon they're bringing complimentary = drinks to

the table

Players win and winners play have a lucky day (x2)

Mabel gives me a great big smile she's getting to know me she's on my = side

I'm a winner (x4)

And I came to play now I know why they say

Players win and winners play have a lucky day (x2)

Have a lucky day

Now I'm down a little in fact I'm down a lot I'm on a roller coaster = ride

that I can't stop

Yea my luck has changed but she'll come back

That's the beauty of a game of chance

I can't loose forever but I'm doomed to try because I keep on hearing a voice inside

Players win and winners play have a lucky day (x2)

Have a lucky day

Come on Mabel hit me one time come on baby
