Morrissey, Something Is Squeezing My Skull

I'm doing very well I can blackout the present and the past now I know by now you think I should have straightened myself out Thank you, drop dead.

Oh, something is squeezing my skull Something I can barely describe There is no love in modern life

I'm doing very well It's a miracle I've even made it this far The motion of taxis excites me When you peel it back and bite me

Oh, something is squeezing my skull Something I can barely describe There is no hope in modern life

Oh, something is squeezing my skull Something I can't fight No true friends in modern life

Diazepam as valium...temazepam...lithium

HRT...ECT...How long must I stay on this stuff?

Don't give me any more Don't give me any more Don't give me any more Don't give me any more

Please don't give me anymore Don't give me anymore Don't give me anymore

You swore you would not give me anymore Don't give me anymore Don't give me anymore Don't give me anymore

Please don't give me anymore Don't give me anymore Don't give me anymore

You swore you would not give me anymore Don't give me anymore (hey) Don't give me anymore (hey) Don't give me anymore (hey)

Give me anymore (hey)
Give me anymore (hey)
Give me anymore (hey)
Give me anymore
Give me anymore
Give me anymore
Give me anymore

You swore, you swore, you swore You swore you would not give me anymore Give me any more Give me any more
