In the dark space
When I close my eyes
I see your face shining
Like the moon in the night
and I must tell you
From my heart
I've been waiting my time
My love,
all over the world
You're with me, you're with me, with me,
you're with me, you're with me
Where ever I go
Remember who you're on the back of
riding through the human race
Crossing these rivers of memories
Girl, you've got sunshine on your face
You're with me, you're with me, with me,
you're with me, you're with me
Where ever I go
Time, time's like a slow rising wave
Gathering, gathering up nights and days
and I feel, I feel
I'm at the moment when it breakes
Yes I feel
we're at the moment when it breakes
You're with me, you're with me, with me,
you're with me, you're with me
riding through you every night
and in our window there is light
