

# Morten Harket, Tell Me What You See

Sleep my love, sleep  
Or look up at a sky  
returning from its deep  
See the moon go down  
Watch the sun come 'round  
Tell me what you see

Sleep my love, sleep  
look into a world  
You can no longer reach  
Time's a one way track  
There is no direction back  
mhm...when you're dreaming  
Tell me what you see  
Tell me what you see

oohoo tell me what you see  
tell me what you see  
tell me what you see  
ohohoo

Sleep ma love, sleep  
Like you slept with me  
When the world was a dream  
That we believed  
It was near  
and it was far  
Answered to the stars  
No one's ever been that close to me  
What did you see  
in your dream

Tell me what you see  
Tell me what you see  
Tell me what you see  
ooooho-ho-hoo Tell me what you see  
aaaaiiiiaaaaiii  
ooooh Tell me what you see  
Tell me what you see  
Tell me what you see

In your dream  
Tell me what you see  
Sleep my love, sleep  
Tell me what you see

Returning from its deep  
Tell it all to me dadada  
Tell me what you see  
hey Tell me what you see -Sleep, my love, sleep-  
Tell me what you see  
Can no longer reach  
Yeah-yeah, yeah-yeah  
Life's a one way track  
Tell me what you see  
haaha-haaha-hohoo
