

Most do Terabithii, I learned from you

Ooooooh

Yeah!

I didn't wanna listen to what you were sayin

I thought that I knew all I need to know

I didn't realize that somewhere inside me

I knew you were right but I couldn't say so

I can take care of myself

Yeah, you taught me well

I learned from you that I do not crumble

I learned that strength is something you choose

All of the reasons to keep on believin'

There's no question, that's a lesson that I learned from you.

We always don't agree on

What is the best way

To get to the place that we're going from here

But I can really trust you

And give you the distance

To make your decisions without any fear

I'm grateful for all of the times

You opened my eyes

I learned from you that I do not crumble

I learned that strength is something you choose

All of the reasons to keep on believin'

There's no question, that's a lesson that I learned from you.

You taught me to stand on my own

And I thank you for that

It saved me, it made me

And now that I'm looking back

I can say

Wooooaaahhhh

Yeah

I learned from you that I do not crumble

I learned that strength is something you choose (something you choose)

All of the reasons to keep on believin' (keep on believin')

There's no question, that's a lesson that I learned from you (I learned from yooooouuu)

(I learned from you) I learned that strength is something you choose (something you choose)

All of the reasons to keep on believin'

There's no question, that's a lesson that I learned from you

Yeah...I learned from you.
