

# Mother Superior, Four Walls

Four walls around me  
Four walls of pain  
Four walls surround me  
And they all know your name  
Im tired of trying  
And I know Im not to blame  
But Im stuck inside of these four walls again  
I got four walls ahead of me  
Four walls behind  
Four walls are strangling  
My worried mind  
Four walls around me  
Ive got nowhere to go  
Rain falls down on this weary town  
Lonesome whistle blows  
Youd think by now  
Id be used to the pain  
But Im stuck inside of these four walls again  
I got four walls ahead of me  
Four walls behind  
Four walls are strangling  
My worried mind  
Four walls that stop me from walking away  
This misery and heartache  
Are the price that I pay  
I cried out for mercy  
And nobody came  
Im stuck inside of these four walls again  
I got four walls ahead of me  
Four walls behind  
Four walls are strangling  
My worried mind
