

Motion City Soundtrack, 4th Of December

Fortunate ending (Fourth of December)
Sharing the moon (Held for our travels)
Forces are under, insanity (fortunately)
You wouldn't believe
Half wasted years, I try to remember (Wasted time)
Her horrid years
Spent haunted by the colors of this (Speaking till, there's nothing left to say)
Fourth of December (Unfortunate ending)
Afternoon rue (Afternoons forever)
Held from an instant, insanity (Memories ending now)
I can't believe
Half wasted years, I try to remember (Wasted time)
Her horrid years
Spent haunted by the colors of this (Speaking till, there's nothing left to say)
Not for a year, 'X' is the reason! (Speaking till, there's nothing left to go)
And I, Believe, you said that's all you need
And I, Believe, you said that's all you need
And I, Believe, you said that's all you need
And I, Believe, you said that's all you need
And I, Believe, you said that's all you need
Half wasted years, I try to remember (Wasted time I held)
Her horrid years
Spent haunted by the colors of this (Speaking till, there's nothing left to say)
Do (do, do, do, do, do) you believe in the sign
Do (do, do, do, do, do) you believe in the sign
Do (do, do, do, do, do) you believe in the sign
Half wasted years, 'X' is the reason! (Speaking till, there's nothing left to say)
