

# Motley Crue, Down At The Whisky

Runaways in a van  
All go straight to Hollywood  
We'll leave a scar, don't give a damn  
Vandalize the neighborhood

Do you remember when?

We slept all day in our clothes  
But that's okay in Hollywood  
Another shot, another show  
All night long at the Whisky A Go-Go

Do you remember when?

We were on the run  
Got loaded like a shotgun  
Living out our dreams  
Down at the Whisky

We never made a dime  
But God, we had a good time  
We always made a scene  
Down at the Whisky

L.A. girls, they payed the rent  
While we got drunk on Sunset Strip  
And all the cash they made, we spent  
On tattoos and cigarettes

Do you remember when?

We were on the run  
Got loaded like a shotgun  
Living out our dreams  
Down at the Whisky

We never made a dime  
But God, we had a good time  
We always made a scene  
Down at the Whisky

Oh we were throwing fights  
And we were gettin' high  
Living out our dreams  
Down at the Whisky

We were on the run  
Got loaded like a shotgun  
Living out our dreams  
Down at the Whisky

We never made a dime  
But God, we had a good time  
We always made a scene  
Down at the Whisky

Yeah Yeah Yeah, Yeah
