

Motley Crue, Down At The Whisky

Runaways in a van
All go straight to Hollywood
We'll leave a scar, don't give a damn
Vandalize the neighborhood

Do you remember when?

We slept all day in our clothes
But that's okay in Hollywood
Another shot, another show
All night long at the Whisky A Go-Go

Do you remember when?

We were on the run
Got loaded like a shotgun
Living out our dreams
Down at the Whisky

We never made a dime
But God, we had a good time
We always made a scene
Down at the Whisky

L.A. girls, they payed the rent
While we got drunk on Sunset Strip
And all the cash they made, we spent
On tattoos and cigarettes

Do you remember when?

We were on the run
Got loaded like a shotgun
Living out our dreams
Down at the Whisky

We never made a dime
But God, we had a good time
We always made a scene
Down at the Whisky

Oh we were throwing fights
And we were gettin' high
Living out our dreams
Down at the Whisky

We were on the run
Got loaded like a shotgun
Living out our dreams
Down at the Whisky

We never made a dime
But God, we had a good time
We always made a scene
Down at the Whisky

Yeah Yeah Yeah, Yeah
