Motley Crue, Find Myself

I gotta find myself some love
Igotta find myself some drugs
I gotta find some liquid sunshine
Igotta find myself, i gotta find myself
I'm a sick motherfucker
I'm a sweet sucka mutha
Ain't no one tougher
In a wreck, i'm a sleaze
I'm a rock n roll disease
I'm a pusher, i'm a shover
Ain't no motherfucker tougher

I gotta find myself some glue
I gotta find some suction
Now my aim is destruction
I gotta find myself, i gotta find myself
I'm a drunk motherfucker
I'm a smacked out lover
Ain't no one tougher
I'm a dick, i'm your master
I'm a rock n roll disaster
I'm a pusher, i'm a shover
I'm your dirt bag lover
I got to deal with my neurosis
I got to deal with my neurosis
I gotta find myself some love
Igotta find myself some drugs
I gots ta sniffs myself some glue
I got to find some turpentine for you...you you you...
I got to find myself
Destruction
