

# Motley Crue, Love's Got A Hold On Me

Honey got something to tell you  
You drive me outta my mind  
Crazy situation, it ain't infatuation  
Ain't gonna waste no more time  
Back now a new day's coming  
Everything is plain to see  
Baby you're the one I'm missing  
Do you want to be with me  
What a fool I kept you hangin' on the line  
I didn't care that your heart was doin' time

I know love has got a hold on me (x2)

Honey I've always been a drifter  
Took a long time accepting the truth  
Baby you're the one I'm lickin'  
No one treats me like you do  
What a fool I kept you hangin' on the line  
I didn't care that your heart was doin' time
