

# Motley Crue, Rocketship

Fly to the moon  
We'll take my rocketship  
It's outta sight  
Oh so outta sight  
Leave your head  
Check into this time  
Check your mind  
Let your sparkle shine

Pass the sun  
Say goodbye to everyone  
We'll fall in love  
As we pass the sun  
Hang from a star  
Forget just who we are  
It's outta sight  
Oh so outta sight  
From the moon  
To the stars  
To the sun  
Baby i'm in love
