

# Motley Crue, Tonight

When it smiles at me  
And I saw your eyes  
All I ever wanted to be  
Was in your arms tonight  
You looked too young  
To know what looked so nice, yes you did  
But when you smiled, I had to take the chance  
I had to take the chance

Tonight, I'll be with you tonight  
Tongiht, I'll love you through the night  
Tonight  
Tonight, I'm in love with you baby  
Tongiht, tonight tonight  
Come on, come on

I don't know myself, baby if it's all right  
All I ever wanted to feel, be with me tonight  
Looks too young to know what looks so nice  
yes you did  
But when you smiled, I had to take the  
chance, I had to take the chance  
to be with you tonight  
I'll be with you tonight Tongiht, I'll love you through the night  
Tonight  
Tonight, I'm in love with you baby,  
Tongiht, tonight  
Tonight be mine tonight

You looked so young,  
to know what looked so nice  
But when you smiled I had to take the  
chance, had to take the chance  
to be with you tonight  
I'll be with you tonight  
Tonight, I'll love you through the night  
Tonight  
Tonight, I'm in love with you baby  
Tonight, tonight  
Tonight, be mine tonight  
Yeah, yeah, yeah, yeah, yeah,  
Be mine tonight

Be mine tonight...
