MOTOR ACE

HEY DRIVER

Hey driver don't take me too far down this road.
I hate prying and I've given you more than I owed
I've given you more.

I'm here the scene of your crime
Just raise your glass and have a good time
You feel this rising so high

We're having fun, not having fun.
Hey driver don't take me too far down this road.
The paint's drying and the painter ran dry long ago
The painter's run dry.

I'm here the scene of your crime.
Just raise your glass and have a good time
You feel this rising so high.

We're having fun, not having fun.
We're having fun, not having fun.

You said
"you love, you breathe, you die"
you got your fears and I got mine
but no, I aint ever running dry.

I'm here the scene of your crime.
Just raise your glass and have a good time
You feel this rising so high.

We're having fun, not having fun.

I'm here the scene of your crime.
Just raise your glass and have a good time
You feel this rising so high.

We're having fun, not having fun.

We're having fun, not having fun.

We're having fun, not having fun.

We're having fun, not having fun.
