I can't be round here this year
sometimes I'm so... this time I'm sorry
When she walks in my space
It's the reason I feel strange
All of these lovers making me nervous
Make like you don't mind
the reasons we don't connect sometimes
You're not alone in lies this time
So I won't be there
It's just that I feel spare.
Hey I won't be smiling inanely
Distance can mean so many things
silence... I'm sorry.
When she walks in my space
its the reason I feel strange
All of these lovers making me nervous
Make like you don't mind
The reasons we dont connect sometimes
You're not alone in lies this time
So I won't be there
It's just that I feel spare
guitar solo
When she walks in my space
its the reason I feel strange
All of these lovers making me nervous
Make like you don't mind
Reasons we dont connect sometimes
You're not alone in lies this time
So I won't be there
It's just that I feel spare..
