

Motor Ace, Money & Sympathy

Hey, before you go to sleep tonight
Think of everything that I did right
Drink a toast to common sense & love
& all that you can't get a handle on

It's not easy
To break time
I'll hear but I probably won't listen

So while everyone is getting high
We've been thinking far too much
And why??
So now or never could you give me
All your money & your sympathy

So before you go to sleep tonight
Think of everything that I did right
Now or never could you give to me
All your money & your sympathy
