

# Mott The Hoople, Long Red

(Leslie West)

Long Red, drifting through my mind  
Dream here, dreamin' there  
Two pieces all the time

Bright Red, yeah  
Wisdom's in my dreams  
Bits and pieces in my arms  
Ain't always what it seems

Long Red, am I gonna find a way  
Bright Red, when you gonna name the day

(all right)

Long Red, yeah  
You have changed me too  
Stranger now it seems somehow  
My bread has turned to glue

Bright Red, yeah  
Tears and shades of grey  
I found you I vouch  
Forever for today

Long Red, am I gonna find a way  
Bright Red, when you gonna name the day

Long Red, yeah  
Tears and shades of grey  
I found you I vouch  
Forever for today
