

Mount Kimbie, We Go Home Together (ft. James

Cold like money
Other arms reach out for me
So stunning the woof for the trees
Other eyes smile tenderly
Saturday pouring ice is clattering
Hanging off the ceiling
Then we leave
At your word /2x

And it's the best it could have been
We go home together
To our innermost
We go home together
And Then we leave
And it's the best it could have been
We go home together
