

Mountain, Boys In The Band

Freight train

Why am i , im arriving late tonight

And the world is turning

Round and round the sun

All the places spinning by and by one by one

Coming home, im on time

Been gone such a long time

Goodbye traveling

So long to the boys in the band

Goodbye traveling

So long to the boys in the band

We play tunes today

Leaving memory of yesterday

All the circles widen getting in the sun

All the seasons spinning all the days one by one

Comin back before long

Comin back tili im gone

Goodbye travelling

So long to the boys in the band

Goodbye travelling

So long to the boys in the band
