

Mourah, J. Butterfly

In two seconds and three words all my certainties fell apart .
I kept asking why ... but no god to reply .
We were then left with disbelief and grief , speechless
Speechless .

Beyond this feeling of emptiness its your rebirth.

J.Butterfly

Now you can really fly, fly high

J. Butterfly , I know you ll be fine

You butterfly your spreading grace wont fade

J. Butterfly

You were so tender

you were so sweet

my brother

I miss you

Adore you

If God is real may He love you as I do

J.Butterfly

Do you see the light ?

Do you see the light ?

Can you hear see or feel me ?

It s all mystery

Well I see you in the smallest expression of beauty

And the ties we had will remain beyond the memories

I m willing to live for

the two of us

hoping to see you again cause I miss you

simply miss you so

you butterfly
