

Moving Units, Emancipation

You control me, I'm your machine
You expose me, It's so obscene
But when you touch me with your alien embrace
You know it makes me deny the human race
I'm your slave, I am your slave
I am your slave, 'cause I am your slave
Until you throw me away
Control me (I'm your slave)
You control me (I am your slave)
Control me (I'm your slave)
You control me (I am your slave)
You control me, I'm your machine
You dispose me, It's so obscene
But when you touch me with your alien embrace
You know it makes me deny the human race
I'm your slave, I am your slave
I am your slave, 'cause I am your slave
Until you throw me away
I'm your slave, I am your slave
control me, i am your slave
you control me, I am your slave
(repeat)
