

Moxy Fruvous, Good Date Band

Good Date Band?

(Murray)

In the interim while we have a moment, while I have a moment with you... I was just... I was just struck with this question earlier in the set. And I wanted to put it to you. Is uh...in your opinion, is Moxy Fruvous a good date band? Are we like a good date band? yeah? Well, now, that doesn't sound...that sounds half hearted.

(Jian)

Can I ask you a question, Murray? (Murray: yeah) By asking you a question. I think we're *not* a good date band. (Murray: Yeah, that was my opinion...) You know why? Because we... a) we have lyrics and we don't have uh... we don't have that incessant, we don't have like a groove, we don't have a deejay groove going on where you could just slide up to your partner....

(Dave)

Yes, we do.

Boom Shakalaka and everybody's styling

Boom Shakalaka and a wide 60s pants styling and wide wale court.

(Jian, fading out)

But we don't have. See that's classic date band stuff.
