

# Moya, A Little More Love

We used to drive out of town and crash  
Under stars in the lone grass  
Watch your fire turn to ash  
Watch the day break and the night pass

Through the haze of the sunrise  
I'd write a new happy ending  
Just one try at kids playing right  
Again and again, again I'd ask you

Won't you give a little more love  
A little more love  
A little more love  
A little more  
Give me a little more love  
A little more love /4x

And now you show me nights like sparkling flash  
You'll take me right from the moon and back  
You're growing mountains made of cash  
Do you need all of that, cause I don't want that

Don't get me wrong, you wear it well  
And everyone's so proud of you  
But all of the coins in your wishing well  
Could tell you something's missing

Won't you give a little more love  
A little more love  
A little more love  
A little more  
Give me a little more love  
A little more love  
A little more love  
A little more  
Give me a little more love  
A little more love  
A little more love  
A little more  
Give me a little more love  
A little more love  
A little more  
Give me a little more love  
More love  
A little more love

All of the coins in your wishing well  
Could tell you something's missing  
But all of the ones that wish you well  
Can't tell you how to fix things  
All of the coins in your wishing well  
Could tell you something's missing  
But all of the ones that wish you well  
Can't tell you how to fix things

Won't you give a little more love  
A little more love  
A little more love  
A little more  
Give me a little more love  
A little more love  
A little more love  
A little more

A little more love  
A little more love
