

MoZella, Amazed

your picture is on my wall
it helps me remember you and i recall how im amazed i still love you the same
yeah im amazed i still love you the same

i still remember the shape of your hands
times when you'll walk with me
and make me laugh and im amazed
at how much we changed, yeah im amazed i still love you the same
and each night i see him in my sleep and i always dreamed that your here with me

and im amazed i still love you the same
yeah im amazed i still love you the same
yeah im amazed i still love you the same
