

# Mr. Big, Not One Night

I used to dream of only you  
Now I don't do that  
I used to miss talkin' to you  
Ah, now I don't do that

Since you've been gone  
I learned to stop  
Tryin' to hold on  
Because there's...

(Chorus)  
Not one night  
One single day  
That I wouldn't give to you  
So with all my might  
In every way  
I'll try to forget you too

I thought you could tell me anything  
Yea, you used to do that  
You let me inside of everything  
Yea, you used to do that  
Never to change at least I thought  
It feels so strange because there's...

(Chorus)

Loneliness may come  
Knockin' at my door  
But where I'm comin' from  
That don't phase me anymore  
Time has shed a little light  
On where I'm supposed to be  
There ain't no use in thinking  
You'll come running back to me

Since you've been gone  
I learned to stop  
Tryin' to hold on because there's...

(Chorus)
