

Mr. Capone-E, Take A Chance On Me

Take a chance on me and that's all that ill rip
From day one my love's been waiting here just to connect
Respecting your wish
Waiting for the happy day
That I could say you're my wife and that you're here to stay
But I pray as I send you this poem I wrote and if you woop me a flower, I would call you a rose
Those days remember when I straight snuck into your house
Late night telling you I love you without a doubt
But you told me
My lies that was fast and wrong
Your dad unapproved
So we were not aloud to get along
But we stayed strong
Hoping things would change
Being lots of kinda trouble
But his opinions never changed
Please runaway and let me take you with me
Dreams of reality and weed, and agony ecstasy
Believe in me give me the time to romance and with the thick and thin all I ask is for a chance

(Chorus:)

why wont you take a chance on me(yeah baby)
And let me show you(let me show you girl)
How wonderful true love can really be
I could love you, for all eternity
Take a chance on me(oh yeah baby)
I know you
Have been hurt
So many times before
But let me show you
The kind of love, you've been searching for
Please believe me I couldn't love you more
Take a chance on me

Im still here hoping that you're there
Saying "I do" because I love you
Asking you to forgive all the games that
I've played
Holding hands in the park remember this and all the days not so far away
'cause your feelings for real
Aint no other girls like you 'cause you know the deal about how I feel
So please take my hand and give me a chance to be yo one and only man
Do you understand listen you made the difference for instance when im feeling mr.blue you're in my
Stop resisting this ball that joined us together wether you give me a chance

Im here in any weather better being a man just to tell it like it is
Like in the park in the dark, the first kiss I still miss holding hands
Back to back you heard I was a player but I wouldn't do you like that

(Chorus:)

why wont you take a chance on me (yeah baby)
And let me show you (let me show you girl)
How wonderful true love can really be
I could love you, for all eternity
Take a chance on me (oh yeah baby)
I know you
Have been hurt
So many times before
But let me show you
The kind of love, you've been searching for
Please believe me I couldn't love you more
Take a chance on me

Dance so we can advance into the future
You use to have a hard shit but im here wit yu
Sit you down on this merry go round
Bring a boplay in the hood so you know the sound
Cant just get around but straight up dedicated
over state it if you mind it would be different for instance think about
romeo and Juliet put your dress over the puddle so it wont get wet
never less as I step in this ghetto love
aint no fakin nor funk
just tell you what im from
so don't run just come and walk with mei think you got your feelings mest up you think im lying g
baby roll wit me till the break of dawn
cruising all night long while I sing this song
staying strong but I know you think it might not last but if you never open your arms you lose up on

(Chorus:) (3x)

why wont you take a chance on me (yeah baby)
And let me show you (let me show you girl)
How wonderful truelove can really be
I could love you , for all eternity
Take a chance on me (oh yeah baby)
I know you have been hurt so many times before
But let me show you
The kind of love you've been searching for
Please believe me I couldn't love you more
Take a chance on me
