

Mr. Gil, King of Gold

Everytime you want to go
In the middle of your pain
It's the colour of the world
Try to hold your flame
It's the only way
The only way

Come close and try to get it
The lost piece of soul
I don't know who stole it
Maybe king of gold...
It's the only way
Go far away

And while
You just stand behind
The day
Which never let you down
The sun
Will light your really hearts
It's not a shame
It's not the end

And while
You just stand behind
Afraid
Which never let you down
The sun
Will light your really hearts
Don't be afraid
I know you're brave

I thought I heard a crying
It was voice of the wind
The story hates dying
It's never ending while
Don't be afraid
It's the only way

The house of cards is falling
Last blues in the way
Standing on the edge
It's not the only way
Don't be afraid
Don't be afraid
(Don't be afraid)

And while
You just stand behind
The day
Which never let you down
The sun
Will light your really hearts
It's not a shame
It's not the end

And while
You just stand behind
Afraid
Which never let you down
The sun
Will light your really hurts

Don't be afraid

I know your brave
Don't be afraid
I know your brave!
