

Mr. Gong, Call Me Mr. Gong

Ding Dong Ring that Gong...

I want you my little babe
Did you come alone
Cause I know, you know my name
Get a selfie with your phone
Everybody's on the floor
Grooving to my song
Cause I know, they know my name
They call me Mr.Gong

You gonna make me long, long for
When you play that song, song, song
Crazy beat like dong dong
Ding Dong Ring that Gong, Gong
Ding Dong Ring that Gong

We never stop, we celebrate
Night time till the morning
So let's get another round
You better keep on pouring
Everybody's grooving on
From London to Hong-Kong
Cause I know, they know my name, they call me Mr. Gong

You gonna make me long, long for
When you play that song, song, song
Crazy beat like dong dong
Ding Dong Ring that Gong, Gong
Ding Dong Ring that Gong
