

Mr. Hudson ft. Kanye West, Supernova

(Chorus)

And I feel like taking off
Let me be your super nova
Before you make the biggest mistake of your life
Just gimme the chance to get it right

(Mr. Hudson Verse)

They got it all
They got all the things I thought I wanted
But I can afford to fake anymore
To live this facade of smilers who (warm champagne pours)?
Out on the road
We 'll pretend we're having tons of fun in this world where we dont belong
So broke and alone
Shes thinking of me
Did she forget what we once had

(Chorus)

And I feel like taking off
Let me be your super nova
Before you make the biggest mistake of your life
Just gimme the chance to get it right, get it right

(Kanye West Verse)

Oh, they got it all
You can see they got it all
They got them cars that roll
And the beautiful house by the shore
You know theres more..
But I cant take another minute of it all
He wants his kids and the dog
He wants his breakfast in bed
He's got his trust fund saved
Not a word in his head
(Cuz that you know me) ?
I wanna break up this scene and see you running back to me

(Chorus)

Cuz I feel like taking off
Let me be your super nova
Before you make the biggest mistake of your life
Just gimme a chance to get it right, get it right

(Chorus)

Yea I feel like taking off
Let me be your super (lonley night)?
Before you make the biggest mistake of your life
Just gimme a chance to get it right, get it right

(Bridge)

You got it wrong if you say our love is gone (x4)

(Outro)

You got it wrong when you say our love is gone [yea I feel like takin off]
You got it wrong when you say our love is gone [Let me be your super nova
You got it wrong when you say our love is gone [Before you make the biggest mistake of your life]
