

# Mr. Shadow, My Hood To Your Block

(Mr. Shadow)

It's the advocate of gangstarism  
I gotta give it to my fellons serving time in prison  
Intermission with those opposing my opponents die  
Snatch a motherf\*\*ker for bluffing and they wonder why  
Oh my , who am I?? The stalker of the night  
Still creeping through them darkest of them streets  
With my gangsters straight chiefting burning leaves  
Of Hairy batches, like matches we leaving ashes  
Mashing and we reacting with actions swinging like axes  
Nothing relaxes me but fat blunts and sticky bushes  
The only kind of marijuana that a baller smokes and pushes  
Using T-A-C for stimulation, intoxication  
I'm the reason why they call it medication  
It's the return of the One Man Battalion  
Bitch slapping fools like a pimp in the alleyway  
Me and my dawgs break laws, you feel the heat  
Unique dont let me speak unless you wanna meet defeat

(Chorus 2x)

One, Two many motherf\*\*kers wanna blast me  
But when they see me they walk right pass me  
Acting like a bunch of little tricks  
But all I gotta say to my enemies is suck my dick

(Mr. Shadow)

I got dank that'll make a motherf\*\*ker think, I for living

Mind elevated banging daily on these streets  
Where my soldiers play for keeps  
And the grim always rips, this shady sons of sluts  
Wanna put me in a bag, but I got that .45Mag  
Ready to shoot me a filthy rat, strap on my waist line  
Fool you wanna test mine come meet a motherf\*\*ker  
Feel the heat and see that I never waste time  
Ain't no next time, bitch I roll in the West
