

# Mr. T Experience, Ready Set Go

I want to tell you about her she's a beautiful gecko she's crawling out on the counter when I say Ready Set Go say ready set go say ready set go O! beautiful gecko. Now I'm a man with a mission and it's the normal progression starts with love and affection, goes on to sick obsession to sick obsession from love and affection and it never will be the same everything will be great from now on cause she's got everything in her cage and I've been waiting for so long. And when I give her a cricket and introduce her to my heart we'll be watching out eyes glow in flagrante delicto not gonna let go when I say ready set go.
