## Mr. T Experience, Slag Bag

That girl is f\*\*king crazy
She's so god damn amazing
words are not enough
you know her from the paper
she comes in forty flavors
makes me want to throw up
You can say "but seriously folks..."
you can write her nasty notes
but you know you're gonna choke
anyway

After all you know she's just a SLAGBAG Look at yourself, you know you're a SLAGBAG How many times have you called her a SLAGBAG What would you do if I called you a SLAGBAG

She thinks she's really something but she is less than nothing and there is no doubt they said I should've known her how she would f\*\*k me over but it's too late now you could say she's good in bed you could say she gives good head but you know that you'll regret everything
